

THE FALCON GROUP

*Engineers, Architects, Reserve Specialists,
Energy Consultants*

Our company proudly serves clients in

AL, AZ, CO, CT, D.C., DE, FL, GA, KY, MA, MD, MI, NJ, NV, NY, OH, PA, PR, RI, SC, TX & VA
with 13 regional offices across the country, providing national presence with local expertise.

Who We Are

Our team of experts at The Falcon Group have come together to provide full-service engineering, architectural, and capital reserve study consulting services along with forensic testing and litigation support. Falcon's primary focus is on evaluating and restoring existing facilities; including site, building envelope and energy improvements.

Here at Falcon, we are committed to forming meaningful connections and partnerships. We value our diverse workforce and as a result, are a blended family of skilled, educated professionals committed to innovation. Just within our 180+ employees, we have over 20 languages spoken.

Falcon takes pride in our work to ensure that our client expectations are exceeded every single time. We look forward to partnering with you on your next project. No matter the complexity, our team of experts will ensure a successful project completion.

The Falcon Difference

BUSINESS FOCUS & EFFICIENT PROJECT MANAGEMENT

Our project management and financial overview process allows us to consistently deliver projects on schedule and within your budget. We are able to minimize our clients' expenditures while maximizing savings and return on investment.

SUPERIOR RESULTS

Our staff holds the highest level of skillsets and certifications in the industry, which in turn yields a higher-level of craftsmanship.

CREATIVITY, FLEXIBILITY & INGENUITY

Having a seasoned, diverse staff with many different backgrounds allows us to customize solutions for specific situations; creatively and effectively solving problems as they arise.

ACTIVELY ENGAGED SENIOR MANAGEMENT

Our Principals maintain a visible role on projects to ensure that relevant issues will be anticipated and resolved in a timely fashion.

ACCESSIBLE STAFF & UNPARALLELED PERSONAL ATTENTION

Our clients have peace of mind knowing we are "always on the job" 24 hours a day, 7 days a week. We are personally available to address any issues or emergencies that may arise while monitoring your project's progress.

RESPONSIVE, PROACTIVE & TIMELY COMMUNICATION

We are diligent about keeping clients informed regarding the status of all projects. Our commitment to clear, effective and timely communication truly sets us apart from our competition.

DESIGN PLANS & SPECIFICATIONS

Clients receive customized, well-conceived design plans and specifications for initial, as well as remedial, site and building-related construction projects. We take great pride in ensuring that all our recommendations are practical, economically feasible and efficient.

PARKING GARAGE RESTORATION / LOCAL LAW 126

Local Law 126 mandates periodic assessment of parking structures within New York City to ensure their safety. Parking structures must be examined by a Qualified Parking Structure Inspector (QPSI), and a report must be filed with the Department of Buildings (DOB) every six years. Local Law 126 is outlined in section 1 RCNY 103-13 of the New York City Administrative Code.

Structural Restoration for Commercial Parking Garages

- Repairing and Replacing Expansion Joints
- Replacing Bearing Pads
- Restoring Horizontal and Vertical Spalled Concrete
- Performing Epoxy Injection
- Repairing Concrete Spandrel Panels
- Fixing Double 'T' and Inverted 'T' Structures
- Replacing Concrete Pan Slabs
- Applying Structural Wraps
- Repairing and Replacing Structural Steel

Maintenance and Protective Restoration for Commercial Parking Garages

- Applying Waterproof Coatings for Vehicular and Pedestrian Traffic
- Using Water Repellents
- Installing Expansion Joints and Joint Sealants
- Applying Elastomeric Coatings
- Installing Drainage Systems
- Providing Caulking Services

NYC Local Law 126 of 2021: Parking Structure: Cycle 1 Inspection Filing Windows		
<u>Sub-Cycles</u>	<u>Filing Period</u>	<u>Community Districts (CD)</u>
1A	January 1, 2022 - December 31, 2023	Manhattan CD 1 through 7

|--|---|

NEW YORK CITY SPECIAL INSPECTIONS

In NYC, it is imperative that Special Inspections are conducted during the construction phase of applicable projects when required by code and / or specified by the design professional in order to verify that the work is being done in accordance with code, approved plans and specifications. Special Inspections can only be performed by NY State certified Special Inspectors. The Falcon Group is certified to perform in the following fields:

- | | |

STRUCTURAL & CIVIL ENGINEERING

The Falcon Group uses classical design methods, along with current software, to analyze existing structures and design new structural elements and systems. We have experience in all types of structural systems, specializing in the evaluation, analysis and design of the repair, rehabilitation and adaptive reuse of existing structures.

-

|---|---|

BUILDING CONDITION ASSESSMENTS

Sites, buildings and their systems require ongoing monitoring and maintenance to ensure that they fulfill their designed purpose. Weather, age, natural disaster, poor construction, and substandard materials all contribute to deterioration. We offer a complete range of testing services to anticipate and diagnose potential and current problems.

|--|---|

CAPITAL NEEDS PLANNING / CAPITAL RESERVE FUND ANALYSIS

The primary purpose of a Capital Reserve Study is to offer recommendations as to the amount of money a community, building or other organization should set aside on a yearly basis for the future replacement or major refurbishment of their commonly owned elements. A properly funded reserve program is essential to keeping a community's physical assets in prime condition. We recommend updating your Capital Reserve Study every three (3) years, so that repairs and maintenance can be handled in a proactive, rather than reactive manner.

-
- | | |
|---|---|
| <ul style="list-style-type: none">• Sustain / Increase Property Value By Upholding Exterior Appearances Through• Timely Repair or Replacement of Common Elements• Facilitating Project Efficiency & Cost Effectiveness• Reduce Member Dissatisfaction Associated with the Passage of Large or Sudden Assessments | <ul style="list-style-type: none">• Inspection & Testing• Evaluation for Repair / Replacement• Develop Realistic Repair / Replacement Plans & Budgets• Prepare a Comprehensive Report in Accordance with CAI & APRA Standards & Guidelines• Minimize Disruptions & Inconveniences• Life Cycle Analysis |
|---|---|

DRONES

Aerial photo, videography and imaging services elevates projects to new heights, ensuring inspection and analysis happen faster. Our industrial-grade drones deliver the newest, most innovative aerial imaging solutions. As pioneers in Drone inspections, our expert engineers operating the drones know what information to capture and where to focus to maximize client's ROI.

Staff Credentials

AIA - American Institute of Architects
APRA – Certified Professional Reserve Analysts
AHERA Asbestos Inspector
BETC -Certified Building Envelope Consultant
Certified Building Commissioning Professional
Certified Energy Manager
Commercial Building/Residential Building Contractor
CPSI – Certified Playground Safety Inspector
EIFS Inspector
FBRSE - Florida Board Recognized Structural Engineer
General Contractor
HHS – High-Rise / Hazardous Specialists, Building & Fire Inspectors
IBEC - Integrated Bureau for Engineering & Consultations
ICC – International Code Council Certified Building & Mechanical Inspectors
Lead Renovation, Repair and Painting (RRP)
LEVEL I & II– Certified Infrared Thermographers
LEVEL I & II Unbonded PT Inspector
LEED AP – Leadership in Energy and Environmental Design Accredited Professionals
LEED AP+BD+C - (Leadership in Energy & Environmental Design Accredited Professionals Building Design & Construction)
LEED GA - Leadership in Energy & Environmental Design Green Associate
LLS – Licensed Land Surveyor
ME – Licensed Mechanical Engineers in NJ, NY, PA
Montgomery County MD Benchmarking Ambassador
NCARB – National Council of Architectural Registration Boards
NFPA – Fire Prevention Inspector
New Jersey Special Inspectors Certification for EIFS (Exterior Insulation & Finish System) & Concrete
NJ Building Inspector (RCS and ICS)
NJ Certified Benchmarkers
NJ Division of Codes - Inspector Licenses
NJSAT - Society of Asphalt Technologists of New Jersey
NYC – Class 2 Special Inspection Agency
PE – Licensed Professional Engineers (CT, DC, DE, FL, GA, MD, MI, NJ, NY, PA, VA, VT, WV)
PMP - Project Management Professional
Post-Disaster Safety Assessment Evaluators (Architecture & Engineering)
PRA - Professional Reserve Analyst
QEWI (Qualified Exterior Wall Inspector (NYC))
QPSI (Qualified Parking Structure Inspector)
QRWI (Qualified Retaining Wall Inspector) NYC Department of Buildings
RA – Registered Architect, DE, FL, MD, NJ, NY, PA, WDC, VA, FL
RCS – Licensed Residential Construction Specialists / Building Inspectors
RRC – Registered Roof Consultants with the Roof Consultants Institute
RRO – Registered Roof Observer
RS – Community Associations Institute Certified Reserve Specialists
SAP Evaluator – Safety Assessment Program
SHRM Certified Professional

Providing Engineering Solutions since 1997!
